

Studying scripture is an important part of every Christian's walk. This Bible reading plan is made in such a way that it will work for just about anyone, no matter where they are at in their journey. The plan is broken up into three different levels. The most entry-level plan is the Essential Plan. As you are reading through, if you find you would like to read more that day, the other plans are listed alongside so you can continue to read more.

Each month is broken up into 25 days of reading. Built into each month are catch-up days, or days to study something a little deeper without feeling like you are falling behind. The goal of the plan is to help you feel encouraged about studying the Bible. Just like Hebrews 4:12 says, "For the word of God is alive and active." We know that as you are reading God's Word, that it will be alive and active in your life.

Essential

In the Essential Plan, you will read through the entire New Testament over the course of the year.

Intermediate

The Intermediate Plan includes both the New Testament reading as well as all the Wisdom Books.

Advanced

In addition to the other two plans, the Advanced Plan takes you through the remaining Old Testament Books. In this plan, you will have read the entire Bible over the course of the year.
